Dear Gary Parker,

I want to **thank you** and Parker Brothers Roofing for doing a fantastic job in replacing my roof. The damage was extensive and far more involved than was identified by my insurance adjuster. Since the damage was so extensive, I needed to have someone interface with my insurance company on my behalf. Your agent, Dave Fleming, was just fantastic! He contacted my insurance company and by working with my adjuster, a supplement claim was approved – he made it seem so simple. I was very impressed with Dave's knowledge, professionalism and his willingness to go the second mile on my behalf – what a great asset he is to Parker Brothers Roofing.

Parker Brothers Roofing is a very professional company and I am glad you did my roof. I will gladly give referrals to you for future business. Your policy of putting the customers first, and having their satisfaction first and foremost is the key for your customers, and I for one am a very grateful and very satisfied customer. **Thanks you** for a job well done.

God bless you and please know that God loves you!

Respectfully,

Jon Dillinger
